Owner's Title Insurance is Essential for Protecting Your Rights.

The place where you live is one of your most valuable possessions. Title insurance protects your rights to your home.

Take every precaution to protect your home.

The business of title insurance is protecting ownership of your home: often the largest financial transaction you'll make in your life. For a relatively low, one-time premium, you're protected against legal problems over property rights that could cost tens of thousands of dollars — even the loss of your home. Dollar for dollar, an owner's title insurance policy is one of the most cost-effective forms of insurance available to homeowners. Best of all, your one-time premium protects you for as long as you or your heirs own your property.

What Is Title Insurance?

Owner's title insurance protects your right to your home. By searching, clearing and insuring the title to your home before you buy it, your owner's title policy offers protection for your property rights for as long as you and your heirs own your home. If ownership of your property ever comes into question, an owner's title insurance policy protects you from expensive legal problems that could result in the loss of your home.

How Title Insurance Works

As property changes hands, mistakes and irregularities — often made long before you expressed interest in the property — can place your ownership in dispute.

The seller may have...

- ...avoided disclosure of using the property as collateral for an unpaid loan.
- ...fraudulently claimed to be the sole owner.
- ...failed to pay real estate taxes.

Even a simple mistake in the recording of legal documents, improper execution of legal instruments or the reappearance of undisclosed or missing heirs can result in the loss of your home.

We diligently search public records for documents associated with the property and provide you with an expert, interpretive view of the impact of all recorded matters on the property's title.

Title insurance protects your rights to your home.

If our title search reveals recorded defects, liens or encumbrances upon the title, such as unpaid taxes, unsatisfied mortgages, easements, restrictions or other impediments, these are reported to you prior to your purchase of the property, and we offer solutions to resolving these impediments.

Title Insurance: The Ultimate Property Protection

If ownership of your property is ever challenged, we will defend your possession of the property — and assume the legal costs of that defense — for as long as you and your heirs own the property. What's even better is, if any challenge to your property's title proves to be legitimate, we will pay for your losses, just as your title insurance policy provides.

Your entire real estate investment depends upon receiving clear title to your property. Take advantage of our expertise, strength and superior service for your peace of mind and the ultimate in protection for your property.

Owner's Title Insurance is Essential, for Protecting Your Rights:

1. Title Insurance protects the interests of property owners and lenders against legitimate or false title claims by previous owners or lien holders. In effect it insures the investment, unlocking its potential as a financial asset for the owner. Title problems are discovered in more than one-third of residential real estate transactions. These “defects” must

be resolved prior to closing. The most common problems are existing liens, unpaid mortgages, and recording errors of names, addresses or legal descriptions.

2. An Owner's Title Insurance Policy protects the owner for as long as he or she has an interest in the property; and the premium is paid only once, at closing.

3. Title Insurance is different from other forms of insurance because it insures against events that occurred before the policy is issued, as opposed to insuring against events in the future, as health, property or life insurance do. Title Insurance is loss prevention insurance.

4. We rely on a search of existing records to identify possible defects in order to resolve them prior to issuing a policy. We perform intensive and expensive work up-front to minimize claims. Researching titles can be extremely labor-intensive since only about 15 percent of public records are computerized. The industry invests a substantial amount of time and expense to collect and evaluate title records. As a result, the industry's claims are low compared to other lines of insurance.

5. Dollar-for-dollar, Title Insurance may be the best investment a property owner can make to protect their interest. The cost of title insurance and who pays for the Owner's Title Insurance Policy is dependent on State Laws, local customs and/or the agreements made in the Real Estate Contract.
